

GWIC Data > Well Construction Data > Township: 29N Range: 20W Sec: 7

The following data were returned from the GWIC databases for the area you requested. For a more detailed description of the data view the [GWIC Metadata report](#). If you notice data entry errors or have questions please let us know by sending us an Email at GWIC@mtech.edu. If you wish to view a one page report for a particular site, click the hyperlinked **Gwic Id** for that well. Scroll to the right of your screen to view all the data. All data displayed on the screen may not show up when printed.

Retrieval Statistics*			
Field	Max	Min	Avg
Total Depth (ft)	454.00	13.00	170.18
Static Water Level (ft)	108.00	-4.00	72.96
Yield (gpm)	600.00	3.00	50.62
* These statistics do not take any geographic, topographic, or geologic factors into consideration. Negative swl values are reported for water levels that are above land surface.			

Did you know about...

Other GWIC data

GWIC has 1 water quality sample(s) for this area.
GWIC has 6 field visit(s) for this request area.
GWIC has 24 water level(s) for this request area.

Thanks, Just take me back to the menu.

Other MBMG data

MBMG has 479 publications available for FLATHEAD county.
MBMG has 425 publications available for LINCOLN county.
MBMG has 0 abandoned mine record(s) for this request area.

End of Report.
48 record(s) listed.

Items of Note:

¹This report is restricted to site types of **WELL, BOREHOLE, SPRING, COAL BED METHANE WELL, PETWELL, PIEZOMETER.**

²A single well record (a distinct GWIC Id) may be represented by more than one line in this report if more than one performance test was conducted on the well at the time of drilling.

Explanation of Columns:

GWIC Id = Key field for the GWIC database. Links to one page reports.

PDF = Are scanned documents available through the Document Manager?

-  = Yes, click on the icon to download the PDF file.
-  = No, well was submitted electronically. No paper record exists.
-  = No, record does have a known well log but it is not scanned yet.
-  = No, record may or may not have a document to scan. Metadata is unclear.
-  = No, record was created from a source other than a well log. No paper record exists.

DNRC WR = Water right number assigned to this site by Department of Natural Resources and Conservation.

Site Name = Current owner name assigned to GWIC record.

Location = Location of site in Montana township, range, section, and quarter-section coordinates.

Ver? = Has this location been verified by field staff?

Type = Type of site assigned to GWIC record.

Td = Total depth of well in feet below ground.

Swl = Static water level in feet above/below ground - Negative values are reported for water levels that are above land surface.

Pwl = Pumping water level in feet below ground.

Rwl = Recovery water level in feet below ground.

Yield = Yield in gallons per minute.

Test = Type of performance test reported.

Date = Completion date of well/borehole.

Use = Reported use of water.

Disclaimer:

The preceding materials represent the contents of the GWIC databases at the Montana Bureau of Mines and Geology at the time and date of the retrieval. The information is considered unpublished and is subject to correction and review on a daily basis. The Bureau warrants the accurate transmission of the data to the original end user at the time and date of the retrieval [12/10/2024 12:29:05 PM]. Retransmission of the data to other users is discouraged and the Bureau claims no responsibility if the material is retransmitted. There may be wells in the request area that are not recorded at the Information Center.
